National Testing Agency (NTA)

TCS is engaged with National Testing Agency (NTA) for the delivery of computer-based examination for admission and recruitment assessments conducted at State level and national level

Challenges

- Content uploaded and Results declared were completely manual process
- Security risk in paper-pen examination
- Uncertainty in exam conducting due to COVID-19 related lockdown
- It almost took 1 month for publishing results

Engagement

- TCS iON has conducted major examinations for NTA since 2018 like JEE Mains, UGC NET, CSIR, CUET and more.
- TCS iON has conducted computer-based test for NTA across **544** centers in **291** Cities in India and abroad.
- TCS iON has also conducted CUET UG examination in 44 different languages

Solution Delivered

- Conducted Online Joint Entrance Examination for a total of 9,53,486 students.
- Conducted CUET 2023 for 21 lakhs candidates with subject combinations of 51 lakhs approx.
- QP uploaded by the customer 1 hour prior to exam start time in a secured encrypted format.
- Assessments were monitored through a central board room via CCTV surveillance to curb malpractices.

Impact

- Content creation & result sharing - simplified and secure
- Positive feedback from candidates
- Result can be shared immediately post receiving of actual answer keys
- JEE Mains exam result declared in 10 days
